1. We are unable to guess whether Subject has since dropped his 1952 activities, partly because we are not at all sure of the nature of his activities at that time. Unfortunately, our dossier on him is rather incomplete. Attached for your information and retention are two documents which do not appear to have been forwarded to you previously, and which perhaps will add something useful to your files.

2. We have no information concerning Subject's projected trip to Iran. Please let us have any further details on this matter which may come to your attention, particularly if there should be any indication Subject is still connected with ZIPPER.
